GLOBE International is proud to publish the **COP28 Parliamentary Calendar** to coincide with the **UNFCCC Conference of Parties** taking place in Dubai, United Arab Emirates, from 30 November - 12 December 2028. The calendar is a GLOBE initiative provided as a service to the broader parliamentary constituency in our role as the UNFCCC Focal Point for parliamentarians.

We are grateful to cooperation from a wide range of parliamentary networks and organisations, across the political spectrum, who are supporting parliamentary capacity building and engagement in vital ways. We are proud to be working with them, the COP28 Presidency, IPU, UNFCCC secretariat, Federal National Council of UAE, parliamentary committees, National and Major Group Focal Points, and others in the production of this consolidated calendar.

Published since COP26, this year's **COP28 Parliamentary Calendar** includes events and activities involving parliamentarians both at COP28 as well as beyond in national parliaments. Following our call to encourage parallel events taking place in national and regional parliaments during COP28, we are pleased to include a number in this year's calendar. exciting two-week programme of events, including a special **Rest Day Excursion for Parliamentarians** on Thursday 7 December.

The calendar covers activities across this broader "COP28 parliamentary estate" to include the Blue Zone, Green Zone, hotels and other venues in Dubai, as well as beyond in parliaments and other venues across the world.

This year marks two historic firsts at COP28:

- 1) the first-ever **Parliamentary Pavilion**
- 2) the first-ever **Parliamentary Day (6 December 2023)**

Details on both are included in this calendar and a dedicated **Parliamentary Pavilion Calendar** (updated daily) is available [here](#).

We look forward to supporting the parliamentary community's impactful engagement at COP28 and in national parliaments to raise ambition and accelerate delivery. JOIN US and help spread the word: #ParliamentsMakeCOPSCount
